

Now you can reveal tighter, smoother, younger looking skin from the comfort of home. No invasive procedures required.

Use your beauty device together with your favorite skin care products (essence, facial cream, etc.) or a good [conductive gel](#) to maximize benefits. Keep using it consistently, and you'll enjoy the full benefits of this rejuvenation wand.

5 in 1 Latest Technology:

- Microcurrent
- Electroevaporation
- Mesotherapy
- LED
- Radio Frequency

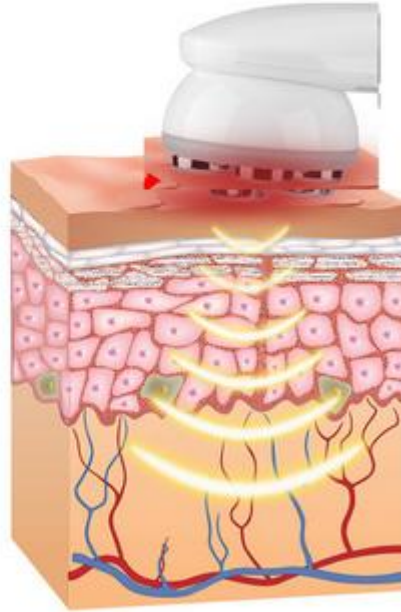

Product Highlights:

- Enjoy the benefits of a professional facial lift without surgery
- Reduces fine lines & wrinkles
- Improves facial contour
- Promotes anti-aging skin renewal & increases skin elasticity
- Helps with removal of pimples & blemishes, while shrinking apparent pore size
- Helps the skin to absorb the nutrients in your skin products
- Easy to use, safe, pain free, and entirely non-invasive
- Lightweight & easily portable
- For best results, use daily for only about 10 minutes

HELP THE SKIN CARE PRODUCTS GO DEEPER INTO YOUR SKIN

How To Use:

1. Gently cleanse your skin, then apply lotion/serum/conductive gel and turn on your device. Please do not wear jewelry or metal during treatment.
2. Massage each desired area of skin with the device for up to 10 minutes.
3. Treatment time should not exceed 10 minutes on the same skin area.
4. Since the maximum time for each treatment should be less than 10 minutes, an alarm goes off at 10-minute intervals.
5. Clean the skin area and the device after each use.

Package Includes:
